## SCHOOL BOARD MEETING

IMPORTANT SESSION HELD AT  
HIGH SCHOOL BUILDING  
LAST NIGHT.

## A NEW BUILDING SOON TO BE ERECTED

Be Located on Sixteenth, Between  
Stewart and Park Avenues—New  
Teachers Elected—Fall Term  
to Open Monday, Sept. 6.

The Sedalia board of education held an important meeting, with a full attendance, at the high school building Monday night.

The board decided to open all public schools on Monday, Sept. 6 (Labor day), for the fall and winter term.

A resolution was adopted requiring all teachers to sign their contracts on or before July 1.

Miss Annie Harris was elected teacher of German and Latin in the high school, succeeding Miss Harriet E. Newcomer, who did not apply for re-election.

Prof. C. P. Shideler was elected to teach biology in the high school, vice Prof. W. I. Utterback, resigned, to accept a position elsewhere.

Prof. Finis Duncan was elected assistant teacher of mathematics in the high school, filling a new position established by the board.

The appointment of a professor of physics and chemistry, succeeding Prof. A. G. Norris, who will devote his entire time to the manual training department, was left to the teachers' committee.

Miss Fredonia Abbott, colored, was elected a teacher in the Lincoln high school.

The board made an order providing for the grading and sodding of the parks, especially that on Broadway, surrounding the school buildings. This work will be done by contract.

The board purchased from the property owners the entire block facing on Sixteenth street, between Stewart and Park avenues, with a depth of 187 on each avenue, on which site a grade school building will be erected.

The board decided to establish the Batavia system in the public schools, although they have not yet definitely decided on a teacher for that system.

The duties of the teacher of this department will be to learn the names of all pupils of graded schools in the city who are behind in their grades and instruct them so as to keep them on an equal with others of their classes.

## TAKEN TO STATE'S PRISON

Four Pettis County Convicts Departed  
at Noon Today.

Arthur Thomas, alias Arnette Patterson, and Frank Brennan, each of whom pleaded guilty before Criminal Judge Hoffman late Monday to the charge of possessing burglars' tools, receiving a five and three years' sentence, respectively, were taken to the Missouri penitentiary on the noon train today, Sheriff M. T. Henderson being in charge.

Charles Wilson, alias Charles Williams, a confessed horse thief, who was given two years for that offense, and Arthur Miller, who was given two years late Monday for stealing \$32 worth of junk from J. M. Seamerhorn, were taken to the penitentiary at the same time.

Assistant Chief of Police Fred Robertson and Senator Holmes Hall acted as guards.

## HOSPITAL WAS ROBBED

Woman, Convicted of Misappropriation, Gets Prison Sentence.

Denver, June 8.—Mrs. Electra R. Beard, convicted of misappropriation of about \$2,000 of the funds of the Children's Hospital association while she was acting as treasurer of that institution, was yesterday sentenced to serve eighteen months to three years in the penitentiary.

## UNIVERSITY CITY WON RACE

Latest Report Shows That Balloon  
Captured First Prize in Contest.

Indianapolis, Ind., June 8.—Until noon today it was believed that the balloon Indiana, which landed at Dickson, Tenn., at 6 o'clock last night, after having been in the air forty-nine

hours, was the winner of the great race that started Saturday.

It now develops that the report that the University City of St. Louis, navigated by John Perry and Paul McCullough, landed at Blanche, Tenn., Monday, was erroneous, and advices today from Lookout Mountain, Ala., says the University City landed there early this morning.

The balloon St. Louis III was the one that landed at Blanche, Tenn., and the confusion of names resulted in the false report being sent out.

Rev. Fuller to Deliver Address.

The Rev. Dr. J. B. Fuller will deliver the address at the celebration of Flag day by Sedalia lodge No. 125, B. P. O. E., at the lodge hall on Monday night, June 14.

## FRANK LAMM IS INSANE

MARRIED MAN, AGED ABOUT 50  
YEARS, EMPLOYED AT THE  
M. K. & T. SHOPS.

## REASON DETHRONED WHILE AT HIS WORK

Escaped From Attendants En Route  
to the Company Hospital but  
Was Recaptured—Will Be  
Sent to Asylum.

Frank Lamm, married and aged about 50 years, employed at the M. K. & T. car shops in this city, became violently insane while at work at 10 o'clock this morning and is now in a serious condition at the company hospital.

Lamm began acting queerly shortly after beginning work this morning. At the hour stated he became more violent, and his brother, who is also employed at the shops, and another workman, started with the patient for the company hospital.

In the vicinity of Broadway and Massachusetts avenue Lamm became unmanageable, and broke away from his attendants. They succeeded in capturing him, holding him on the ground, while an alarm was sent to police headquarters.

Chief of Police Boult and Officer Eads answered the call and assisted in taking the patient to the hospital.

Lamm has a wife and family at Tipton, Mo. He has been making his home with his brother, E. B. Lamm, Thirteenth street and Montgomery avenue, and when he became violent on East Broadway it required the combined efforts of four men to control him, and then only after a straight-jacket had been placed on him.

This afternoon application was made to the judges of the county court to have him adjudged insane, and after hearing the evidence the county court found Lamm to be of unsound mind and ordered him confined in the state insane asylum at Nevada.

## JUNE 13 TO BE MEMORIAL DAY

Russell Camp No. 2065, M. W. of A.,  
So Decided Monday Night.

Russell camp No. 2065, Modern Woodmen of America, at Monday night's meeting, balloted on nine applications, making a total of thirty-four applications for the class initiation on June 21.

Final arrangements were completed for the celebration of Memorial day on June 13.

The following flower committee was appointed: Noah Shear, G. G. Walker, M. T. Greenstreet, Robert Nesbit, Tim Buckley, J. H. Wallace and J. A. Hayes.

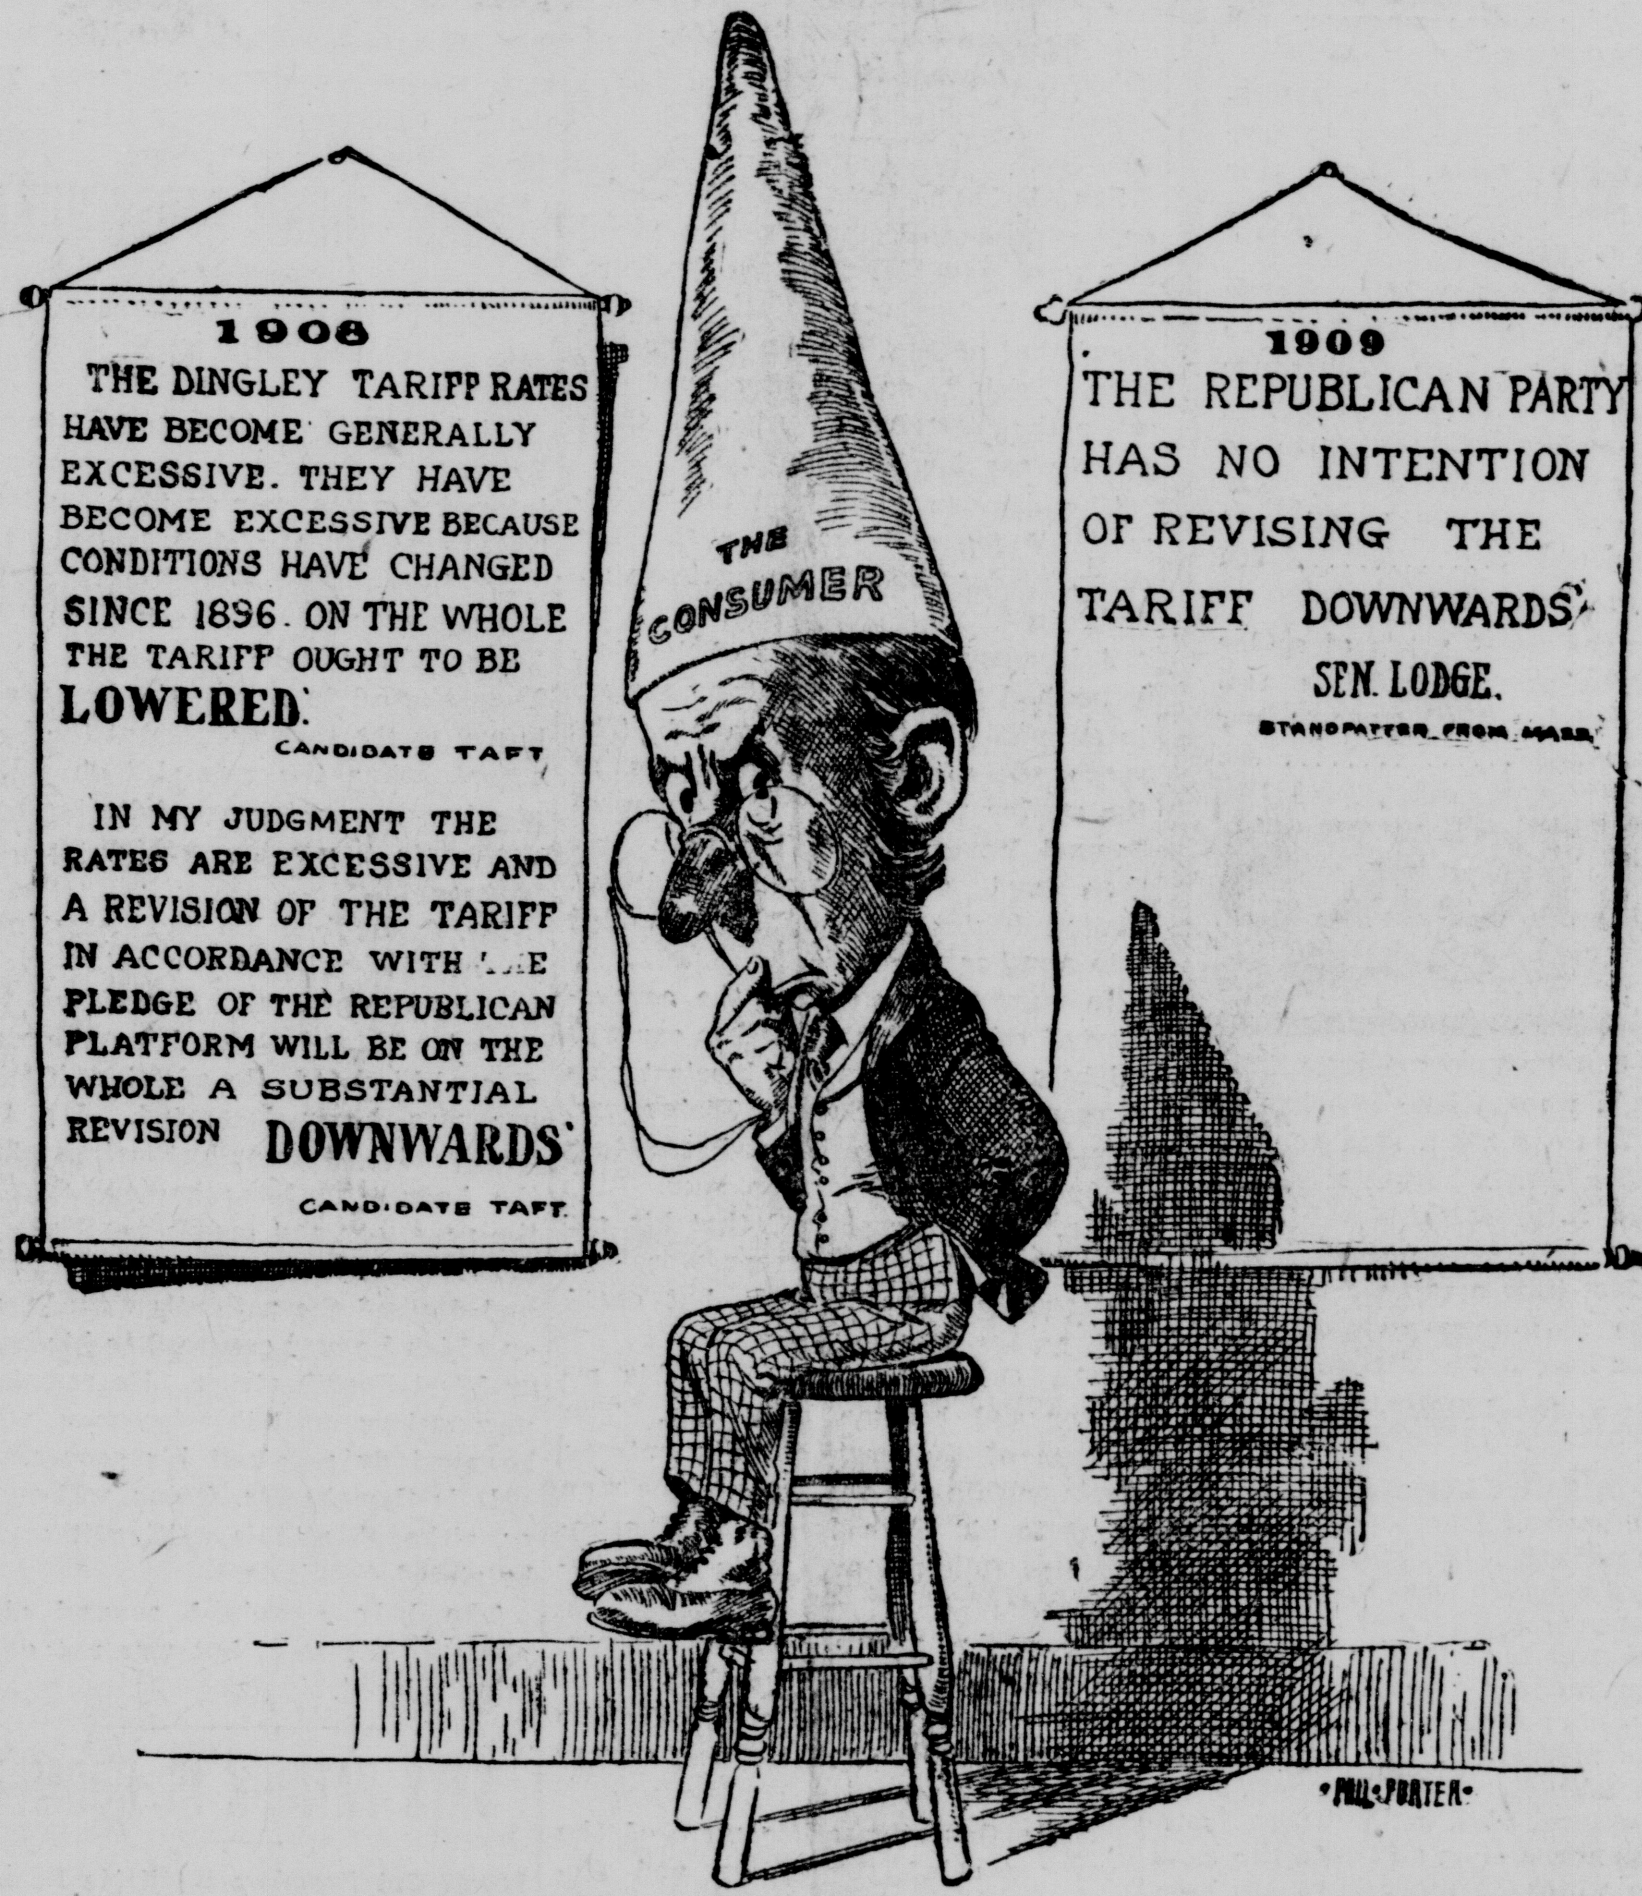

## MISS GOODYEAR HONORED

Will Read Declaration of Independence  
in Mexico.

Mrs. C. A. Goodyear, of 900 South Lamine street, is a receipt of a letter from Monterey, Mexico, informing her that her daughter, Miss Helen Goodyear, has been selected to read the Declaration of Independence at the Fourth of July celebration to be held there by the American colony. The American consul named Miss Goodyear for the honor, and a better choice could not have been made.

Miss Goodyear, who is one of Missouri's most gifted readers and elocutionists, has been engaged in teaching at Monterey for the past month, and has made a host of friends since her arrival there.

## DUNCE

## TAR AND FEATHERS USED

ON A PENNSYLVANIA COUPLE  
WHO WERE GUILTY OF  
IMMORALITY.

## WOMAN WAS STRIPPED OF HER CLOTHING

So Was Companion, After Which  
Both Were Whipped and Thrown  
Into a Stream—Female Had  
Been Warned to Depart.

Pittsburg, Pa., June 8.—Taken forcibly from a house in West Pike township, near here, early yesterday by fifteen men, Mollie Ridge was stripped of her clothing, covered with tar and feathers and thrown into Pike run, while H. O. Wright, found in the home of the woman, was also stripped, beaten and thrown into the stream.

Yesterday Wright and the woman appeared before Justice of the Peace McKean at California, Pa., and filed information against J. F. Charles and Clifford Wright, brothers of the male victim, and Charles Playford Wright, a cousin.

It is said the woman had been warned to leave the neighborhood a number of times.

At midnight last night five persons were arrested in connection with the tarring and feathering of Mollie Ridge and the beating of Wright. All were held in \$300 bail for a hearing before Justice McKean.

## BOY HURT AT THE SHOPS

Accident Happened at 4:30 O'clock  
Monday Afternoon.

Walter Davidson, aged 16, employed as a rivet heater at the new Missouri Pacific shops, had his left forearm badly lacerated while at work at the shops at 4:30 o'clock Monday afternoon.

He caught his left arm between an engine wheel and engine driver, sustaining the foregoing injury. Accompanied by his step-father, T. J. Buckley, 1312 East Third street, he left for the company hospital at St. Louis on the noon train today.

## Executive Committee Meets Tonight.

The executive committee of the Home-Coming association will hold an important meeting at the office of Probate Judge D. E. Kennedy at 8 o'clock tonight.

## Preacher Jones Buys a Home.

Rev. W. E. Jones, district superintendent of the M. E. church, has purchased of Mrs. Margaret Lofin, of Kansas City, the two-story frame dwelling at 417 West Fourth street, the consideration being \$3,100. Rev. Jones' intention is to remodel the structure and make it modern in every particular.

## Neapolis Lodge Meeting.

The members of Neapolis lodge No. 153, I. O. F., at last night's meeting decided to postpone one week the making of arrangements for the annual celebration of Memorial day.

The conferring of the second degree on two candidates was also postponed one week.

## A DEATH MESSAGE HERE

CAME LAST NIGHT, TELLING OF  
THE DEMISE OF A FORMER  
SEDALIAN.

## ALEY RAKOW DIED IN ST. JOSEPH MONDAY

Was Formerly Employed at the Ar-  
lington Pharmacy Here—Was  
Not 20 Years of Age and  
Died of Tuberculosis.

Henry Laupheimer received a telegram at his home last night announcing the death of Aley Rakow, a former Sedalian, and a brother of Mrs. Lawrence Laupheimer, at his home at St. Joseph, Mo., at 4 o'clock Monday afternoon.

Mr. Rakow, while a resident of this city, was employed at the Arlington pharmacy. He was not yet 20 years old. Death resulted from tuberculosis.

Mrs. Lawrence Laupheimer had been at her brother's bedside for some time, and Mr. Laupheimer left for there Saturday, when word was received that he was growing weaker.

## HAS BROKEN ENGAGEMENT

Mary Case, Concert Singer, Says She  
Won't Marry Spreckels.

New York, June 8.—It was announced today by Mary Adele Case, the concert singer, that she has broken her engagement to marry Claus Spreckels III, of San Francisco, and will soon start for Seattle alone.

## WETS VERSUS THE DRYS

FAMILIES ARE RENT BY FIGHT  
ON LIQUOR IN MAHONING  
COUNTY, OHIO.

## THE ELECTION TAKES PLACE TOMORROW

Local Option Vote Will Be a Record  
Breaker—It Looks as if the  
Wets Had the Best of  
the Controversy.

Youngstown, O., June 8.—No fight which has been made for local option in Ohio under the Rose law has equalled in strenuousness that which has been on in Mahoning county for the past two months and which will end with the election on Wednesday, June 9.

It looks as though the wets would win and that the anti-Saloon league would lose the largest county in which the fight has been made thus far. Certainly a week ago the wets had the battle won beyond the question of a doubt. They claim to be as strong today, although the drys say that this is not so. This afternoon there was a procession of children as the climax of the dry campaign. Sunday and Monday the wets had Clarence S. Darrow, of Chicago, here to speak.

The campaign has been one of complete organization on the side of the wets. E. H. Moore, the chairman of the democratic county committee, and W. J. Williams, the chairman of the republican county committee, have been working side by side with the wets.

On the other side there has been a committee composed of leading business men, professional men and preachers. Henry Wick, retired millionaire manufacturer, is at the head of the finance committee, while Attorney Dahl H. Cooper is the county organizer.

It was found by the drys within the past few days that there were too many fingers in the pie, and within the week a practical politician in D. F. Anderson, republican leader, was given charge.

Instead of the usual order of things the wets petitioned for the election, and although the drys followed immediately with a petition of their own, which was never filed, the election was set on the request of the wets.

The registration which for two days numbered over 2,800, is the largest the city has ever known outside of a general registration.

families. Rev. Walter S. Goode, the pastor of the Central Christian church, is out for the drys, speaking night after night. His father-in-law, John H. Fitch, a member of the state committee, is one of the leaders of the wets.

Thomas McDonald, the district superintendent of the Carnegie Steel Co., is one of the dry committee, and the drys have been able to hold noon day meetings in the works.

Within the last couple of days the city has become the Mecca of all the hoboes and tramps which could be imagined. The tramps organized in squads and worked the saloons and breweries in a systematic manner. An appeal was made to the police department to have them driven out of the city.

## ADVOCATE OF FREE LOVE

WAS FINED \$500 FOR AN ARTI-  
CLE HE HAD WRITTEN AT  
DEADWOOD, S. D.

## CASE APPEALED TO U. S. CIRCUIT COURT

Decision of Lower Court Affirmed—  
Judges Impressed With Edi-  
tor's Good Motives, but  
Fined Just the Same.

St. Louis, June 8.—"Three Weeks" dissertations are in bad odor in the United States circuit court of appeals.

Freeman T. Knowles editor of the Lantern, Deadwood, S. D., was ordered to pay a fine of \$500 assessed against him for an article he had written and published in his newspaper in defense of free love.

Knowles is a veteran country editor with steam-heated ideas on topics that concern society.

Deadwood society has been shocked by the doings of a certain young girl, and Knowles came to her defense with his newspaper.

Knowles journeyed to St. Louis to argue in his own defense. He was armed with passages from the Bible and from the great authors of all ages.

In sustaining the indictment against him, the judges of the court of appeals stated that Knowles' defense of himself went far to impress them with the good motives that actuated him in writing the article, but that it was a question for the jury, and the jury had found the article objectionable under the federal statutes.

## ARE GIVING A HOUSE PARTY

The Misses Hickerson at Their Home  
on West Sixth Street.

Misses Minnie, Pauline and Lucile Hickerson, daughters of Mr. and Mrs. A. S. Hickerson, of 808 West Sixth street, are entertaining six young ladies at a house party at their home this week, the guests being as follows: Miss Dorothy Thompson, of Columbia; Misses Elizabeth Paxton, Myrme Evans, Madeline Bostick, Mary Sturges and Irene Johnson, all of Independence.

The Misses Hickerson went to Independence in an automobile Sunday to accompany their guests here.

## POST STOPPED THE TEAM

"Jack" Chaney and Gus Werner Have  
a Runaway.

J. H. Chaney, of the contract department of the Bell Telephone company, and A. F. Werner, the tinner, had a narrow escape from injury in a runaway accident at Georgetown at 2:30 o'clock Monday afternoon.

They were returning to Sedalia in a surrey with a team of horses. A part of the harness broke, frightening the animals, which started to run.

Mr. Chaney held the lines tightly, causing the team to collide with a post, smashing the tongue of the vehicle, but stopping the horses.

## PUT 4,500 MEN TO WORK

Most of Them Have Been Idle Since  
November, 1907.

Pittsburg, Pa., June 8.—The steel and plate department of the National Tube company's works at Wheeling, W. Va., began operations this morning, double turn, giving employment to 4,500 men who have been idle since November, 1907.

## GIRLS SELL AT \$25 EACH

IN SOME INSTANCES THEY COM-  
MAND AS MUCH AS FIFTY  
DOLLARS.

## HOW WHITE SLAVE TRAFFIC IS WORKED

"Procurers" Representing That They  
Are Agents for the American  
Tobacco Co.—Seek Girls at  
Mansfield, Ohio.

Special to the Democrat-Sentinel.

Chicago, Ill., June 8.—Mysterious disappearances of girls from towns and cities adjacent to Chicago have been reported in increasing numbers during the last month, to the committee on legislation against the "white slave traffic" appointed by the "Woman's World" magazine.

Discovery of procurers at work in many communities has given concrete confirmation to warnings that depraved men and women make systematic traffic of girls and young women, enticing them from their homes to sell them at \$25 to \$50 each into disorderly houses.

From Mansfield, O., comes the report that procurers representing themselves as employment agents for the American Tobacco company have been trying to induce young girls employed in factories to go to Chicago where more lucrative employment is promised. Similar reports have come from Galesburg, Ill., Topeka, Kas., Indiana and Arkansas.

"Employment is offered in other large factories," according to the Mansfield News, "and the most alluring prospects are set forth to induce the girls to leave Mansfield and go to the city."

"The fact that the agents of such a character are operating in Mansfield has come to the attention of Joseph J. Haupt, manager of the Mansfield branch of the American Cigar company, and he has denied most emphatically that the agents are representatives of his concern."

"The underlying motive of these agents is to secure girls for houses of ill repute in the larger cities and more especially Chicago. It is nothing more or less than a continuation of the 'white slave traffic'."

Many girls of foreign families are being sought after more at the present time as American girls have been a little more shy about listening to the allurements of the agents. It is more of the foreign class which the agents are seeking in Mansfield at the present time."

Copies of the Woman's World bills enacted by the Illinois legislature against white slavery have been sent to governors of all states urging the need of uniform laws on the same lines.

## BRYAN TO FIGHT SALOONS

Liquor Element Must Not Control Ne-  
braska Democracy.

Omaha, June 8.—William J. Bryan is fighting hard to prevent the liquor interests from controlling the democratic party in Nebraska and Mayor James C. Dahlgren, of Omaha, for years Mr. Bryan's most intimate and trusted political friend, is fighting equally hard to win the governorship of the state as a liberal candidate. He is backed by the liquor interests.

This contingency may make the political situation in Nebraska interesting next year when a governor is to be elected.

## TO MARRY A PRINCE?

Another One of the Vanderbilt Girls  
to Make Foreign Alliance.

Chicago, June 8.—A special from London says that it is reported by some of the evening papers there that the betrothal of Prince Francis Joseph of Braganza to Miss M. Vanderbilt will take place shortly at the Austrian court, with which the prince is connected by family ties.

## The Rumor is Denied.

Vienna, June 8.—Official denial is made today of reports published in the local press of the betrothal between Miss Vanderbilt and Prince De Braganza.

## Cases Set for Trial.

Criminal Judge Louis Hoffman today set Friday, June 11, as the date for the trial of Frank J. McCoy and Jess Mitchell, charged with burglary.

## COMING HOME?

Back to Sedalia, the beautiful Queen City, and visit again the scenes of years gone by.

The Home Coming reunion will be held October 2, 3, 4 and 5, during the week of the Missouri state fair.

The semi-centennial of the founding of the city will be celebrated, and a grand welcome will be extended to all who gather to commemorate the event.

There are ex-Sedalians everywhere, but they will all be here again at the Home Coming.

## The Weather Forecast.

Unsettled weather; showers tonight or Wednesday.

## LET US CELEBRATE.

The Democrat-Sentinel most heartily approves Alderman Olmsted's proposition to have a Fourth of July celebration in Sedalia.

Let's make it a "bundling." It is true that it is a little late to undertake a big celebration, but if the knocker will forget his hammer and everybody push, pull and boost, we can make it a go. Sedalia is centrally located, in a densely populated community, has herds of friends everywhere who only want an invitation to join with us and have a good time.

We have here many sources of entertainment that many communities do not enjoy. We have Liberty park, a beautiful spot and a most appropriate place for a fête of this sort, the main feature of which might be an old-fashioned basket picnic, where everybody would bring a big basket full of good things to eat, invite friends to participate and enjoy life as can only be done in this way, while free dancing could be provided for the young people in Liberty park hall.

Captain Collins thinks he has the best company in the National Guard of Missouri, and he might and doubtless would, be pleased to give an exhibition drill.

Major Sam James says he can shoot, and this would give him and his company of sharpshooters an opportunity to show us Missourians what they can do.

Tom Johnson says he can shoot also and is quite confident that if he had a lot of feeble elephants, giraffes and rhinoceroses in a cage and the cage locked up tight, he could do quite as well as T. R. We don't believe it, but this celebration would give him and his gun club a chance to prove it.

A parade, under the guiding hand of Mr. Botts, Sr., would unquestionably be a great success.

"Heiney" Leist might trot out his Elks team of baseball players. We believe that "Gene Moore's" team of Cole

Camp would condescend to come up and give "Heiney" a few pointers on the national game.

Lawyer Hegenfritz could give us an oration full of eloquence, wit and wisdom, and other features might be added and the whole end with a grand pyrotechnic display by Sedalia's celebrated Flambeau club. Let's get busy. There is no time to waste.

The Democrat-Sentinel will gladly subscribe \$25.00 to a fund of not less than \$500 to insure the celebration.

## NEW YORK'S BLUE LAWS.

The spasmodic attempts of the city authorities to enforce the Sunday laws forced upon New York by the Puritanical farmer element in the legislature, invariably leads to situations not only ludicrous in the eyes of the world, but humiliating and demoralizing in their effect upon the public. The police department is placed in a rather difficult and embarrassing position. The laws are, undoubtedly, on the statute books and for that reason alone it behooves the authorities to enforce them. There is also a constant clamor of the church element and the various temperance and prohibition organizations for a strict enforcement of these laws.

But, on the other hand, the popular demand for amusement on the accepted day of rest is so great and the number of those willing to cater to the wishes of the hundreds of thousands of pleasure seekers, even at considerable risk, is so great that a sweeping enforcement of the Sunday laws is absolutely out of the question. It would require a good sized army of policemen to do this.

Every once in a while the police department swoops down on a few of the offenders and in a few spasmodic cases succeeds in securing conviction and punishment.

But all of these cases are insignificant, considering the enormous number of cases in which the Sunday laws are violated more or less openly every Sunday. The situation is absurd and would be untenable anywhere else. But in New York the same farce has been kept up for many years, ever since the "blue laws" were passed, and no feasible plan to remedy the absurdity of the situation has been offered.

Meanwhile, the raciest features at Coney Island masquerade on Sunday as religious and educational exhibits or as sacred concerts.

## THEY NEED THE MONEY.

The Rev. Norman O. Hutton, who recently accepted the pastorate of a Chicago church, in his first sermon announced that he would take no money from any family in his congregation for his attendance at a baptism, burial, wedding, or any other special service for which it is usual for a minister to receive a fee. Said Mr. Hutton:

"The money, somehow, robs the ceremony of its beauty and dignity. The parish pays the rector for his time, and I believe that he should give it freely."

That is a liberal proposition, but if it is generally adopted many rural clergymen would be forced to strict economy in household expenses. The marriage fees usually pay for about all the little luxuries that come into the average country pastor's home, and the bridegroom ought to be able and glad to stand for it.

## THE INSANE FOURTH.

During the five celebrations of the Fourth of July, from 1903 to 1907, inclusive, 21,520 persons were injured, and 1,153 were killed, according to statistics just gathered.

The giant firecracker alone injured 1,489 persons in the celebration of 1907, killed eight and led to the deaths of eight more from lockjaw. So says one of the medical papers. Now is the time to think about these things: A little thought now is better than a sorrowful recollection of the facts on July 5.

Do not get out of the habit of celebrating the Fourth of July, but try to make it a celebration without an undertaker's bill.

Why bother about the canals on Mars, and other theories? A North Carolina preacher has won a debate with the argument that if the earth were round and maintained a rotating motion a tomato couldn't stick to a backyard fence.

Protection would be snatching its swan song if it were not for the Platonic affection of distinguished democratic senators.

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. HICKS  
THE GROCER

When a woman says she has nothing fit to wear it's a sign she would be madder than a hornet if somebody else said it.

The first time a girl is engaged she is afraid that other men will try to flirt with her; the next time that they won't.

## A Smart Lot of Boys.

If the boys of America wish to keep their reputation for smartness, they must get a hustle on them. Within the last year the boys of Japan, none of them over 15 years old, have turned out typewriters, telephones, pianos, door locks, and some of the most ingenious mechanical toys ever placed on the market. Most Japanese boys have natural skill with tools, and there is now a shop at Tokyo run by a boy in which 50 other boys are constantly at work. A Chinese boy is almost too stupid to bait a fish-hook, but a young Jap is as sharp as a razor. In almost every case he works at the bench all day and attends school in the evening to learn the English language.

EFFORT  
AND  
REWARD

It is a fundamental law of nature that reward comes in direct ratio to Effort.

Man would accomplish very little in this world if things were given to him. As it is, most men work just for the necessities of life—they never think of the future or even try to provide for their own comfort, when old age shall at last cut off their earning power, as it surely will.

## 'DRUBBED' A POLICEMAN

HE HAD MADE HIMSELF ENTIRELY TOO OFFICIOUS AT SAN ANTONIO.

## RAILWAY MAGNATE'S FAMILY ANNOYED

Taking Leave of Miss Bessie Yoakum, Friends Blocked the Road With an Auto and Then the Officer Got Busy.

San Antonio, Texas, June 8.—An over-zealous policeman with a pistol and club gave Miss Bessie Yoakum, Mrs. B. F. Yoakum and their party, consisting of Mrs. Hardin Adams and Miss Deming, an exciting send off when they left Sunday night in their private car for New York.

The demonstration cost the policeman his job and created a thrilling diversion for about fifty prominent society folk.

A large party of friends of the Yoakums had gone to the railway station in automobiles to see them off. The space set apart for automobiles at the station was filled, and the cars of Samuel Bennett, Mrs. Yoakum's brother, and C. C. Cresson, assistant United States attorney here, moved into another place.

In maneuvering among the congestion of vehicles Mr. Bennett's car was slightly disabled, and as his last passenger alighted, Eugene Wahmum, a patrolman, ordered Mr. Bennett to remove his car from the spot.

Mr. Bennett explained that his car was disabled. Mr. Cresson was then ordered to move his car, but could not, as the way was blocked.

The patrolman then drew his revolver and became boisterous. The women of the party hastily entered their private car and most of the men went to bid them farewell. The policeman followed and made more disturbance.

Upon the return to the automobiles the policeman severely clubbed Samuel Russ, a friend of the Yoakum family, and one of the leading society men of this city.

Upon this, the other men of the party tackled the officer and disarmed him and held him until other officers arrived and took the belligerent policeman into custody. He was immediately suspended, and yesterday resigned his badge.

The trouble was progressing at the time the train pulled out with the Yoakum party.

The Bennett car was really disabled and had to be towed away later in the evening. All the men involved in the difficulty appeared in the police court yesterday and were discharged. About fifty influential persons were present at the station at the time of the disturbance, all having gone there in automobiles to see the Yoakums away.

## "MIKE" QUINN BADLY HURT

Thrown From Buggy in Runaway Accident Last Night.

Michael Quinn, of the firm of Quinn Bros., shoe dealers, was dangerously injured in a runaway accident on East Third street at 11 o'clock last night.

Mr. Quinn had been out driving with a lady acquaintance residing in St. Louis, who is visiting friends here. They started to return the horse and buggy to theivery stable at the hour stated, when the animal took flight at a barking canine, precipitating both occupants from the vehicle to the pavement.

Mr. Quinn had his right arm broken at the wrist, again midway between the wrist and elbow, and sustained a three-inch gash on the right side of his head. In addition, his left ear was badly lacerated. He also sustained bruises and abrasions about the body, and later hemorrhages of the nose, ear and mouth resulted.

Dr. W. J. Ferguson was summoned and dressed the patient's wounds, after which he was removed to his home on West Fourth street. He remained unconscious until this forenoon, when he partially regained his senses.

It is thought Mr. Quinn will recover, although at this writing it cannot be stated definitely.

The lady sustained several abrasions of the face, but was not otherwise injured.

## SAYS PATRICK IS DOOMED

Won't Get Freedom Until He Permits Lawyer to Talk.

New York, June 8.—District Attorney Jerome said yesterday that no governor would ever free Albert T. Patrick, who is serving a life sentence for the murder of William Marsh Rice, unless Patrick permits his counsel, at the time of his arrest, to tell what Patrick told him about the case.

Patrick's counsel was Magistrate Frederick House, who refused to state what Patrick told him at the time on the ground that the communication was privileged.

The district attorney's comment yesterday was made in view of the statement of J. T. Milliken, Patrick's brother-in-law, that he would continue to fight to liberate Patrick from Sing Sing.

**FOUND POISON VERDICT**

**JURY DECIDES THAT STRYCHNINE KILLED WOMAN IN CALIFORNIA.**

**CHEMIST FOUND DRUG IN THE STOMACH**

Autopsy Surgeon Testifies That There Was No Other Cause of Death—Husband Denies All Knowledge of Poison.

Galesburg, Ill., June 8.—The verdict of a coroner's jury that Mrs. Richard P. Archer, wife of a Los Angeles real estate broker, died as the result of strychnine poison, administered by some unknown person, will be forwarded to the prosecuting attorney at Los Angeles. A transcript of the testimony at the inquest, which was held at the court house here Saturday night, also will be sent to the Los Angeles authorities.

Relatives suspect that Mrs. Archer was murdered. She left an estate worth about \$50,000. Mrs. Archer died suddenly, in convulsions, at her home in Los Angeles Jan. 2, last. The physician who attended her stated that she died of uraemic convulsions following inflammation of the kidneys. She was buried at Onedia, this state, where she had lived many years with her first husband, Charles Carleton.

So acute became the suspicion of her daughters, Mrs. Kate Carleton Smith, of Santa Anna, Fla., and Mrs. Helen Carleton March, of this city, whose husband is roadmaster for the Chicago, Burlington and Quincy railroad, that Mrs. Archer's body was exhumed a fortnight ago by Coroner Chalmers, of Knox county, and Drs. Franing and Nash, of this city. Chalmers made a post mortem examination and Dr. Franing took the vital organs and made a chemical examination of them and their contents. The coroner's inquest was held Saturday evening in the court house here. The jury was made up of some of the most prominent men in the city. Charles S. Harris, a leading attorney, was foreman. The verdict was:

"We, the jury, find that Mrs. Archer came to her death by strychnine poisoning; that the poison was administered by a person unknown to the jury."

The verdict quickly followed startling testimony by Dr. Franing, who swore an analysis revealed strychnine in large quantities in Mrs. Archer's organs. He swore positively, too, that her kidneys were healthy, had never been affected by nephritis and that all her organs were so sound and healthy that he could detect no reason, except for the strychnine, why she should not have lived years longer. "I found strychnine in quantities sufficient to kill," said Dr. Franing. "Most of it was in the liver. There was nothing else which would have caused death."

Dr. Nash corroborated him. The other testimony was perfunctory.

Mrs. Helen Carleton March is a singer, having been a soloist in Bishop Cheney's church in Chicago, and later a soloist with Brooks' band. She made this statement at her residence yesterday:

"I was satisfied that my mother's death should be investigated. Her death was totally unexpected, and I know of no explanation of it as a natural event. She was not subject to bodily ills of any sort and had been in perfect health. Two days before she died she wrote me to this effect:

"Her marriage to Mr. Archer was a great surprise to me and my sister. Mother was in the habit before her marriage of keeping in close communication with us, as she was particularly fond of my daughter, Paulina. Since her marriage, although she seldom complained openly, we could read enough between the lines to learn that she was not altogether happy. We did not realize how unhappy she must have been until the filing of her bill for divorce two weeks before she died, brought out the facts."

Paulina, the beautiful 15-year-old daughter of Mrs. March, was regarded by Mrs. Archer as her heir.

Mrs. Archer's estate is said to approximate \$50,000, and to gain undisputed possession of it Mr. Archer filed a claim that he held it in common with his wife.

The only will of Mrs. Archer's that has been found names her daughters as her heirs. But she named no executor, and under the California law Archer becomes executor, and is entitled to the allowance of such claims for disbursements as he may make against the property.

Mrs. Carleton was Archer's fourth wife. His first died many years ago, his second died suddenly; a divorce separated him from his third. Then he remained unmarried for several years, until he met Mrs. Carleton.

When Mrs. Archer's body was sent to Onedia for burial neither the widow nor any of his sons accompanied it.

State's Attorney Boutelle says prop-

er action was taken in exhuming and examining Mrs. Archer's body. He added:

"In view of the complaint made by Mrs. March and the facts alleged, I have co-operated as far as possible with the investigation of officials. Further than this I am unable to discuss the case at this time."

Detectives from Los Angeles have been in Galesburg, keeping in close touch with the investigation of Mrs. Archer's death. Whom the detectives represent is not known positively.

**Archer Denies All Knowledge.**

Los Angeles, Cal., June 8.—"Any charge that I poisoned my wife is too ridiculous to consider," exclaimed Richard P. Archer, the aged real estate broker.

"It is charged in Galesburg that strychnine was found in her body," he was told.

"I don't care what they have found nor what they charge me with," he said vehemently. "There is no ground to accuse me of killing my wife. The reason I did not accompany the body back to Illinois for burial is that my sons would not permit it. It was winter and my health was not good."

"Mrs. Archer's daughters, although they will get all of the estate except the \$500 which was bequeathed to me, are doubtless responsible for this silly story."

Archer denies that his wife had begun suit for divorce. No court record has been found to prove such a suit was instituted.

## A SQUARE DEAL AND A SQUARE MEAL

Here's a square deal for the people who can't eat a square meal without after pain and distress.

Go to W. E. Bard Drug Co. today and get a box of Mi-o-na tablets; the great prescription for indigestion and stomach troubles.

Take one, or if your suffering is intense, two tablets with or after meals and at the end of ten days if you can't eat a square meal without distress go to W. E. Bard's Drug Co. and get your money back.

That's where the square deal comes in.

But Mi-o-na is really a stomach up-builder of great merit; every day the makers receive more than a dozen letters from grateful people which state that after they had lost all hope Mi-o-na cured.

The quick and positive action of Mi-o-na on the stomach in case of gas, waterbrash, sour stomach and heartburn is worth a lot of money to any sufferer.

Why not try Mi-o-na at W. E. Bard Drug Co.'s risk. Fifty cents buys a large box.

E. D. Howe, Gardner, Mass., says: "I suffered from severe pains in my stomach. I tried different remedies without relief; after using two boxes of Mi-o-na I found myself completely cured."

Mi-o-na is sold by leading druggists everywhere.

Literary Shrines That Attract the Modern Pilgrim Who Travels in an Auto.

All manner of men and women are worshippers at literary shrines, even those of popular modern deities. Pierre Loti's house and that of Edmond Rostand are known of all winter birds of passage at Biarritz, and Americans from all the states have been known to journey to the southeast of England expressly for the purpose of gazing at Mr. Kipling's coast-house at Burwash, at Henry James' house at Rye, or at Ellen Terry's cottage at Winchelsea.

Memories of Shelley, Byron, Browning and Landor crop up every once and again in the Italian tour by road or rail, but how many who have made the entrance to Italy via the Riviera gateway have ever cast an eye on the modest little Chalet des Pins abutting on the Route d'Italie at Cap Martin. Just after Monte Carlo, and before Menton is reached? Not many, doubtless. It is here that Mr. and Mrs. Williamson, the co-authors of the first and only automobile novel, have their winter rest house. How many good things in automobile fiction have been thought out and worked up here! This little corner of the Cote d'Azur has then a very welcome shrine for the literary motor pilgrim.

**WORK OF SURVEYING PARTIES**

Men Who Blazed Railroads' Path Face Dangers Greater Than Those of the Alps.

Sometimes the work of these parties becomes intense and dramatic. The "chief," lowered into a deep and rocky river canyon, is making rough notes and sketches, following the character of the rock formation and dreaming—dreaming the great dreams all great engineers, great architects, great creators must dream perforce. He is dreaming of the day when a year or two hence the railroad's paths all have crowded itself into this impassable, and when the folk who dine luxuriously in the showy cars will fret because of the curve that spills their soup, and never know of the man who was slipped down over a 600-foot cliff so that the railroad might find its way.

It is then that the work of the surveying party begins to have its thrills. Perhaps to put that line through the canyon the party will have to descend the river in canoes. If the river be too rough then there is the alternative of being lowered over the cliff sides. Talk of your dangers of Alpine climbing! The engineers who plan and build railroads through any mountainous country miss not a single one

of them. Ever where the line must find a foothold. That is the problem that must be solved. Sometimes the men who follow the "chief" in the deep river canyons, the men with heavy instruments to carry and to operate—transits, levels and the like—must have lines of logs strung together for their precarious foothold as they work. Sometimes the foothold is lost, the rope that lowers the engineer down over the cliff sides snaps. The folks riding months later in the cheerful dining cars do not know of the graves that are dug beside the railroad's path.

It is all new and wonderful, blazing that path for civilization, sometimes it is even accidental. An engineer, baffled to find a crossing over the Rockies for a transcontinental route, saw an eagle disappear through a cleft in the hills that his eyes had not before detected. He followed the course of the eagle and to-day the rails of the transcontinental reach through that cleft and the timetable shows it as Eagle pass.—Owling Magazine.

### SKIM MILK TO WASH LACE

Nothing Better Can Be Found, and Its Cheapness Is Also a Recommendation.

There is nothing so good to wash lace as plenty of skim milk. It can be had for small cost, so that the lace if much soiled can be put through several fresh supplies.

Most persons make the mistake of rinsing out the milk. Instead do not use water at all and iron while still damp. This gives just enough stiffness, does away with the necessity of starch or gum arabic and prevents the limpness that follows if the lace is ironed dry without stiffening.

The best way to dry lace that you do not wish to iron is to stretch it tight on a table covered with a clean white cloth, pull out the edges and pin into place with many pins. When dry it will look soft and almost like new.

### A PISTOL DUEL IN DARK

BURGLAR, HIDDEN IN THE OFFICER'S ROOM, FIRED THE FIRST SHOT.

### THE BULLET PASSES THROUGH THE BED

Bagbag River Hero, Lying Down, Fires Three Times, but Misses Intruder, Who Escaped Without Being Identified.

Leavenworth, Kas., June 8.—A burglar entered the bedroom of Brigadier General Frederick Funston, commandant of the military service school at Fort Leavenworth, at an early hour yesterday morning and they exchanged pistol shots at short range without hitting each other.

Everything connected with the affair was kept quiet until last night, when General Funston was asked about it by a newspaper reporter.

The general said that a white man, apparently a sneak thief, entered his home and hid in a closet opening into a bedroom.

General Funston did not go to bed until after midnight and remained awake some time. He noticed the closet door open cautiously and the form of a man appear.

General Funston reached for a revolver under a pillow, and the burglar, noticing this, fired at him.

The bullet missed General Funston and went through the bed mattress and lodged in the floor of the room. General Funston fired three times at the burglar as he ran from the room.

So far as can be learned none of the shots hit the thief. All of them were located at places in the wall.

Mrs. Funston is visiting in California and General Funston was alone in the big headquarters residence except for the servants sleeping in a far off part of the building.

General Funston said the attack on him was so sudden that he felt nervous all day over the close call he had when the burglar fired at him.

The intruder did not get any money or valuables.

### SAY MAN WAS POISONED

CORONER'S JURY RETURNS VERDICT IN CASE AT RICH HILL, MISSOURI.

### THE WIFE OF THE DECEASED SUSPECTED

Mrs. Frank Burgess Is Unable to Give Bond and Is in Jail—The Case Has Attracted Attention Over Entire State.

Rich Hill, Mo., June 8.—The coroner's jury in the Burgess poisoning case convened from an adjourned session last afternoon. After hearing the report of the chemist who analyzed the contents of the stomach of Frank Burgess and also listening to new evidence introduced by witnesses, the jury returned the following verdict:

"We find the deceased came to his death from strychnine poisoning and we find that said poison was administered by person or persons with intent to kill, and we believe his wife, Susie Burgess, had criminal knowledge of the facts, at or before the act."

R. A. Mann, of Appling City, Mo., a brother of Mrs. Burgess, is here helping his sister, and said yesterday: "If I thought for one minute that my sister killed Frank I would be the last man on earth to defend her."

An agreement between the attorneys for Mrs. Burgess and Prosecuting Attorney W. B. Dawson will allow Mrs. Burgess her freedom on a \$1,500 bond until her preliminary hearing June 10. She has not been able to secure bondsmen and is still in jail.

Preventives—those Candy Cold Cure tablets—will safely and quickly check all colds and the grip. Try them once and see! 4825c. Sold by the W. E. Bard Drug Co.

F. T. Mulcahy will sell you "S" or Vigoral Flour.

#### The God of Chance.

The wife of a coachman in Falkirk, Scotland, is rejoicing in the possession of a quarter of a million sterling, secured by hearing one of her children reading. Her little girl had been spelling out her lessons from a newspaper, when she came to a small advertisement inserted by an Edinburgh lawyer. He desired to trace relatives of a farmer in America, who had left a large fortune to his nearest kin. The lucky woman, intent on aiding the child in her studies, looked at the advertisement and recognized that the farmer was her uncle, who emigrated 40 years ago.

She established her claim as next of kin, and is now a wealthy woman.

### IT'S A GRAFT IN MEDICINE

So Says Colorado Doctor of the "Specialists' Fees."

Atlantic City, N. J., June 8.—Payment of commissions by specialists to general practitioners who call them in for operations or advice was characterized as "graft, pure and simple," by Dr. E. Gard Edwards, of La Junta, Col., yesterday before the American Academy of Medicine, which began its thirty-fourth annual meeting here Saturday.

The matter of fee splitting formed the subject of Dr. Edwards' address, and he flayed medicine men who, he claimed, are making a regular practice of dividing the high fees demanded by the specialists. Dr. Edwards also condemned the action of many specialists who perform operations and then leave their patients under the care of the local practitioner, who "receives the blame if they die and none of the credit if they live."

ALL READY FOR EMERGENCIES

Business Woman on Train Had Provided Herself with Some Creature Comfort.

Two miles above Harrisburg a train on the Pennsylvania main line was stalled for hours the other night, the storm having caused a freight wreck ahead.

"What's the matter?" people asked the conductor.

"Don't know," he replied.

"How long are we going to be tied up?"

"Can't tell. Maybe a couple of hours."

That Pullman held about the sorest lot of passengers that ever rode over the line.

When the train had been stalled for about an hour and all the gaiety and cheerfulness appeared to have been exhausted, the life-saver appeared. A man, ruddy and benign of countenance and bald headed, rose in the rear of the car and beamed upon everybody as he genially inquired:

"Will anybody have a drink?"

He held up a quart bottle of a good brand. He also dug up a small glass, and the heartfelt thanks that came to him in glances told him "most everybody would certainly have a drink."

Down the line he went, right and left across the aisle, until he came to two women. One of them was a drummer. The other was not. The business woman took a drink. The other timidly thanked the good Samaritan and declined. After he had passed on the business woman asked the other:

"Didn't you really want a drink?"

"Yes, I did," was the reply, "but I simply lacked the courage to take it from a strange man in front of this carload of people. And I'm cold and hungry, too."

"You poor dear," said the other, sympathetically. "Here, drink this." Listen. She had a pint flask in her own grip.—Washington Times.

## HADLEY REFUSES TO ACCEPT

Governor Will Not Recognize Resignation of Officer.

Jefferson City, June 8.—Governor H. S. Hadley has declined to accept the resignation of Circuit Judge Matt G. Reynolds, of St. Louis, tendered a couple of weeks ago, to become effective yesterday, despite the fact that Judge Reynolds had notified the governor that he could not serve, as he had been requested to do, until July 1.

He insisted that the resignation be accepted, but this the governor declines to do, and this keeps Judge Reynolds on the bench until his successor has been named.

The governor said last night that he had no one in view at this time to whom he could tender the place, and did not expect to take any action in the matter for several days.

## KILLED SON AND HERSELF

Despondent Over Boy's Weak-mindedness, Ends Two Lives.

Salem, Ohio, June 8.—Mrs. Elizabeth Sharp, a prominent society woman, and wife of G. V. Sharp, a politician and manufacturer, killed her 12-year-old son, Harold, Sunday night, and then herself, with a revolver.

The tragedy came when the two had retired, after spending the evening together, playing the piano and singing.

The motive for the tragedy is believed to be the woman's sorrow over the incurable nature of her son's malady. He had been mentally deficient from birth. Mrs. Sharp was 38 years of age.

## HE'S A WONDER IN POLITICS

Wilson Overall, a Democrat, Doesn't Want Salary Raised.

Kansas City, Mo., June 8.—There is one democrat in the city administration who does not want his salary increased. He is Wilson Overall, private secretary to the mayor.

Some ardent admirer of the secretary had an ordinance rushed through the council last night increasing the secretary's salary from \$125 to \$150 a month. As soon as Mr. Overall heard of it he had the action of the council rescinded.

## KILLED IN MID AIR

Linemen Caught by Live Wire—Both Give Up Their Lives.

Enid, Okla., June 8.—While working at the top of an electric light pole here today, James Bloodsworth, a lineman, came in contact with a wire carrying 2,400 volts of electricity. A companion, June Weekly, in trying to rescue him became entangled in the wire also, and both hung suspended for eleven minutes before their supefied companions cut the wires. Both died.

Beach-Comber's Sad Fate.

The treacherous murder of a beach-comber by West Australian natives and the narrow escape of his companion are reported from Perth, Western Australia. Madson and Jones, the beach-combers referred to, were in their lugger in Yampa sound when a shore party of natives induced Jones to land and accompany them round a promontory in search of shell. A few minutes later his companion observed the natives running over the hill, but Jones failed to return. At supper time Madson was struck from behind by a native, who had remained with him in the lugger, but he threw his assailant overboard and, on the man attempting to regain the boat, fired and killed him. For two days Madson waited, but as it was then clear that Jones had been murdered the survivor set sail for the nearest port.

## A ROBBERY IN A CHURCH

Sneak Thief Secures the Sunday School Collection.

Some time Sunday afternoon a sneak thief entered the First Methodist church and stole the Sunday school collection of \$12.85, which the treasurer, C. H. Ramsey, had left in his pew, says the Clinton Democrat.

During the church service, Mr. Ramsey laid the envelopes containing the Sunday school collection on the pew beside him, and at the conclusion forgot about it until he reached home.

Supposing the church would be locked and the money safe he did not worry. However, the janitor left the building unlocked Sunday afternoon,

and when Mr. Ramsey went to church early before the evening service to get the money, it was missing.

NATURE'S WARNING

Sedalia People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions. See if the color is unhealthy—

If there are settlements and sediment. Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in Sedalia.

F. R. Meyer, 1406 E. Thirteenth St., Sedalia, Mo., says: "Some time ago I began to suffer from an acute attack of kidney trouble. My back ached constantly and I was bothered a great deal by a difficulty with the kidney secretions. I tried several remedies but was not helped until a friend advised me to try Doan's Kidney Pills and I procured a box. This remedy soon banished the trouble and I have not had a return of it since."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

From Sentiment to Economy.

"Is Reginald as literary as he used to be?" said one young woman.

"Yes," answered the other. "Only his tastes have changed. Before we were married he used to recite Omar Khayyam. Now he recites Poor Richard's maxims."

His Experience.

"Is Chicago a healthy place?"

"It's all right, except for one thing," answered the New Yorker. "It always makes you terribly homesick."

## GIRL OF 15 WEDS ACTOR

MET HIM ONLY THREE WEEKS AGO AT A PLAY AT POP-LAR BLUFF, MO.

## BUT SHE WHO LAUGHS LAST LAUGHS BEST

Ran Away to Mexico, Missouri, to Meet Prospective Husband, and Though Stopped Once by Her Father, She Weds.

Poplar Bluff, Mo., June 8.—The flight of Maggie May Perry last week to meet the man she loved at Mexico, Mo., had its denouement yesterday in her home here when she was married to C. G. Allen, formerly leading man with the Sherman Stock company. She is 15 years old. Her husband is her senior by many years.

The couple met only three weeks ago yesterday. Allen was playing at the Airdome and his bride was a visitor at the amusement park. They were introduced, and Cupid got busy immediately. Allen's last performance in this city was May 29.

Last Thursday afternoon Miss Perry disappeared. Her father, R. D. Perry, learned that she had confided to a friend that she intended going to Mexico to meet Allen. He immediately sought police aid. She was caught Friday morning at Mexico and returned home.

Allen kept the telegraph wires hot demanding that he be permitted to come here and see the girl. He resigned his position Saturday in order to come back. He paid ardent court to Miss Perry and won the regard of her parents, so that announcement was made of a marriage.

The ceremony was performed last afternoon, and the couple left almost immediately for Atchison, Kas., where Allen will join another troupe.

## Evarts' Long Whip.

Years ago, says the New York Press, when before the state court of appeals Edward J. Meegan, then a stripling lawyer, saw a gaunt young man with a big head hurling sentences at the judges with a snap at the end of each one, very much as the old-time stage driver used to swing his whip lash around his leaders' heads. "The sentences came out thick and fast and ponderous," says Meegan, "but he was dexterous, and each time the snap went where he intended, right by the judges' ears. It was as interesting to me as a man casting for fish. I asked a lawyer beside me who the little chap was. In astonishment he replied: 'Why, that is William M. Evarts, the great William M. Evarts of New York.'"

## RUMBLINGS OF THE RAIL

LINES IN THE WEST WILL ABOLISH REDUCED FARES FOR ALL LABORERS.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

After many years of wrangling over the question, the western railroads have agreed to cut out second class rates as applied to laborers on July 1, or as soon as the new tariffs can be made effective. It is charged that laborers' rates have caused more manipulation in western territory than almost any other one thing.

From St. Louis, Omaha, Kansas City and other western points it is charged certain railroads have for years been transporting ordinary travelers on laborers' rates.

It has even been charged that some roads have been dealing with scalpers and permitting them to get parties of ten or more together and apply the laborers' rates.

In such event the railroad secured full tariff rate for the bogus laborers, whereas the ticket scalper charged the travelers whatever he pleased under the full first-class rate.

The situation in St. Paul and Kansas City is said to have been the worst, and there was some talk of bringing the matter before the commission upon the theory that the railroads involved knew of the imposition and that it constituted a violation of the commerce law amendment.

**Missouri Pacific New Station.**  
General Manager Sullivan, of the Missouri Pacific-Iron Mountain, left last evening for Poplar Bluff to complete arrangements relative to construction of the new station and offices of the company at that point, says the Globe-Democrat.

As already announced, the company proposes to erect a new passenger station, with offices on the second floor for the division superintendent and his staff, who will be transferred from DeSoto.

Poplar Bluff is the diverging point from the Iron Mountain main line for the traffic handled via the Thebes Bridge and the Illinois division and the Cairo division. The transfer of the division superintendent and his staff from DeSoto becomes a necessity in facilitating the operation of trains at Poplar Bluff Junction.

The shops will remain at DeSoto and the fast trains will continue to be operated over the main line through DeSoto.

The business men of Poplar Bluff promptly responded to the proposition of the management that they take \$50,000 of Iron Mountain, River and Gulf bonds at bar, the entire proceeds of which will be applied in the construction of the new station and office building.

**New Coaches on the "Katy."**  
Two new passenger coaches, appointed with new equipment throughout, were used on the Katy branch for the first time this morning, says the Columbia Tribune of Monday.

The new coaches are finished inside with California redwood and black walnut. They are fitted with steam pipes for heat and have stoves in addition. The two old coaches, which have the partitions in them required by states that have "Jim Crow" laws, were sent back to Texas, where they will do service on branch lines.

Mrs. Joseph W. Folk complained of the equipment on the M. K. & T. branch line on a visit to Columbia, and employees say her complaint got the new coaches.

Mrs. Folk, with some other Jefferson City ladies, attended the women's club meeting in Columbia last February. As the party of ladies was riding over from McBaine, A. A. Allen, president of the Katy, got on the

train, and Mrs. Folk told him he ought to be ashamed of the equipment of the branch road.

All the Jefferson City ladies joined in, and when they got through the president of the road was ready to put on a new train or a dozen, if they demanded it.

**Mail Pouch Lost on Missouri Pacific.**  
Missouri Pacific mail train No. 12, due here about 1 a. m., knocked the pouch from the crane Wednesday morning and no trace of it has been found except a few articles scattered along the track, says the Centerview Banner.

The pouch was either stolen after being dragged or carried a long distance.

A few articles of merchandise were found just east of the depot and some other mail near Post Oak bridge, three miles east. What became of the sack and the balance of the mail is a mystery.

The pouch evidently caught in the trucks or somewhere on the car and was carried off. Nothing valuable is known to have been in the lost pouch.

**"Katy" Fined \$300 and Costs.**

The Missouri, Kansas & Texas Railway company entered a formal plea of guilty in the suit of the United States government against it in the United States district court in St. Louis yesterday, charging violation of the cattle quarantine law on three counts. It was fined \$100 and costs on every count.

**Moved His Family Here.**

C. M. Hunt, trainmaster for the Missouri Pacific, recently transferred here from Jefferson City, Monday brought his family to Sedalia, and they are temporarily located at the Huckins hotel.

**Automatic Couplers.**

Arthur Seddon, roadmaster for the Katy at Nevada, is here today on company business.

A. R. Thickett, claim agent for the Katy, came in from St. Louis this morning on business.

Dominic Stoffel, assistant claim agent for the Katy, made a business trip on the north end of the road today.

H. N. Reid, an M. K. & T. conductor, is running on the north end of the road, relieving Conductor James Hungerford.

Leonard Donnelly, the violinist, has accepted a clerkship under C. B. Rockwell, storekeeper at the Missouri Pacific shops, and is now at work.

W. S. Kenyon, master mechanic for the Iron Mountain railway at McGhee, Ark., who has been visiting Sedalia friends, left for home at noon today.

William Ash, a Missouri Pacific shopman, is reported to be improving at the company hospital in St. Louis, although he is not yet out of danger.

C. R. Campbell, an M. K. & T. passenger conductor, and wife, who have been attending the O. R. C. convention at Boston, and also visiting in the east, returned home this morning.

M. W. Cadle, first grand assistant chief engineer of the B. & O. E. left this afternoon for a business visit at Little Rock, Ark., after which he goes to Alabama and Louisiana on business.

August Gasken, of 1005 South Massachusetts avenue, employed as a Missouri Pacific car inspector, and his good wife, are rejoicing over the arrival of a daughter at their home Monday.

W. T. Couseley, master carbuilder for the C. P. & St. L. railway at Springfield, Ill., is here visiting his mother, on East Broadway, and will remain for a few days. He is accompanied by his wife.

R. McPherrin, a Katy engineer in Texas, who was recently discharged because of an accident, has opened a shoe repairing shop at Denton, and is through with railroadng. Mr. McPherrin was a shoemaker by trade before he became an engineer.

J. W. McClain, district passenger agent, and Walter B. Shirk, commercial agent for the Missouri Pacific railway at Sedalia, two of the most popular officials on this division, passed through here yesterday morning, going over this branch of the system, looking after the interests of their respective departments, says the Bunceton Tribune. Each of them has many loyal friends in Bunceton who are always glad to see them.

**The Kinder View.**

An American was strolling about Paris with a French friend. They entered a shop, made some small purchase, and while waiting for the change, the American said in a low voice:

"Will you just look at the diamonds that pretty little salesgirl is wearing? They must be worth \$2,000."

"They are not real," the Frenchman said, with a shrug.

"But they are—I know 'real stones when I see them—that is my business!" the American declared.

Again the Frenchman shrugged.

"But, my friend, be charitable," he protested, gently. "Figure to yourself and consider that the diamonds are imitation. For if the stones are good the little maid isn't."—Harper's Weekly.

## AMBASSADOR TO FRANCE

Robert Bacon Will Succeed Henry White at Paris, It's Reported.

Washington, June 8.—A Paris cablegram announces that Henry White, United States ambassador to France, will retire from the diplomatic service. Mr. White entered the diplomatic service in 1883 as secretary of the legation in Vienna. He has been promoted through various grades to that of ambassador.

The announcement of the displacement of Ambassador Henry White from the diplomatic service follows the acceptance of the position in Paris by Robert Bacon, who succeeded Elihu Root as secretary of state.

When the position was first offered Mr. Bacon he declined on the ground that he did not want to displace Mr. White. When he learned that Mr. White was to be displaced without regard to a successor he accepted. The removal of Mr. White is on personal grounds.

## LABEL BLEACHED FLOUR

Some Kansas Millers Will Abandon the Process Altogether.

Topeka, June 8.—The Kansas millers who will stop the use of bleachers in their mills can have until August 1 to dispose of the stocks of flour they have on hand.

It will not be necessary for them to label the flour "bleached flour" on that time, as this would necessitate repacking. The grocers have until September 1 to sell the stocks they have. Millers who do not intend to stop using the bleacher must label their bleached flour beginning tomorrow.

This action was taken by the state board of health yesterday after a conference with the Topeka millers. These millers promised to abandon the bleachers at once and not to use them again.

## TWO WOMEN CLAIM ESTATE

Tangle as to Disposition of Former Missourian's Property.

St. Joseph, Mo., June 8.—Two women, Margaret Brähler, of New York, and Maude M. Brähler, of St. Joseph, both claiming to be the widow of George Brähler, Jr., are seeking in the circuit court to secure an equity in the dead man's estate, which is said to be large.

A peculiar feature of the case is that the St. Joseph woman, after living with Brähler but a month, returned here and secured a divorce three months after Brähler died in Philadelphia, where he is said to have married a second time. A child was born to each marriage.

Judge Eastin has recognized the claims of the St. Joseph woman, and holds that the New York widow has no claims on the estate. The latter has appealed.

## DYNAMITE FOR NEGROES

Building Shattered and Inmates Have Miraculous Escape.

Yake, Ok., June 8.—A new building for a rooming house for negroes, was dynamited here Sunday night, and the building torn into splinters. Four negroes had a miraculous escape from death.

A number of negroes have been employed in that vicinity for farm work, and wanted to live in the town. The house was built for them. They had been warned to leave, but did not. Yesterday all negroes left there.

## "PAT" CROWE IN A NEW ROLE

Assisted by Ministers, He Is Conducting a "Cure" Sanitarium.

Chicago, June 8.—"Pat" Crowe, of Cudahy kidnapping fame, is being backed by James A. Patten, Cyrus McCormick and other wealthy men of Chicago, in a sanitarium where patients addicted to the drug or drink habit will be treated.

A hotel at Highwood on the north shore has been purchased and remodeled into a sanitarium. Crowe is named as manager of the new project.

Advertisements have been inserted in the daily papers asking for "men of ability who have been handicapped by drink or drug to prove and then recommend our remedy." Several ministers in Chicago are supporting the institution and its manager.

## SHOT AT FLEEING SHOPPERS

Watchman of Department Store Then Killed Himself.

Lake Charles, La., June 8.—Peter Drasig, a night watchman at a local department store, entered the store when it was crowded with shoppers last afternoon, and drawing a revolver, fired two bullets into his head.

He fell, but regained his feet and drove shoppers and store attaches out of the building, firing several times at the fleeing patrons.

He then cut his throat with a pen-knife and fired another shot into his brain, dying almost instantly.

## PRESENTED WITH DEER SKIN

E. E. Johnston Receives Rare Specimen from H. & P. Glove Man

E. E. Johnston, the clothing merchant, has a rare specimen of deer skin in the show window at his store. It is the skin of an African deer, a very rare specimen, and is highly appreciated by Mr. Johnston, who values it more because it was a present to him from his friend, Mr. T. J. Stickland, representing the "H. & P." (Hutchens & Potter) glove house, of Johnstown, New York. Mr. Stickland was in Sedalia today, a visit made semi-annually, and the skin was received by him upon his arrival here, he having had it expressed to him so that it would reach Sedalia about the time he did.

Mr. Stickland says the skin came from the territory now being hunted by Theodore Roosevelt in Africa, but denies that "Teddy" killed the animal it covered. The gift was a surprise to Mr. Johnston. After it has been exhibited for a few days Mr. Johnston will find a place at his home for it, either as a rug or stand cover.

### QUIT WORK AT MIDNIGHT

THE CITY COUNCILMEN DID AT THE REGULAR SESSION LAST NIGHT.

### WILL CELEBRATE THE FOURTH OF JULY

Committee Appointed to Perfect Arrangements—Another Committee to Ascertain Cost of a Lighting Plant.

The regular meeting of the city council was held last night, Mayor Babcock presiding.

A petition for an arc light at Third street and Missouri avenue was referred to the committee.

The lighting committee was instructed to ascertain why proper

lighting accommodations were refused certain residents of the city.

The public building committee was instructed to have the stalls in the market house repainted, repaired and repapered.

It was ordered to have the roofs of both engine houses repaired and repainted.

It was ordered that a new horse be purchased for the use of the city fire department.

The reports of the city officers were read and filed.

Aldermen Olmsted, Baker and Brown were appointed a committee to arrange a Fourth of July celebration.

J. Ben Gorrell got the contract for constructing sidewalks on North Washington avenue at 13 cents per square foot.

G. T. Menefee got the contract for similar work on Second street, between Harrison and Grand avenues, his price being 19 cents per square foot.

Gray & Suter and J. T. Watkins were granted plumbers' licenses.

J. A. Capen was named electrical inspector, vice C. A. Duer, who failed to qualify.

Miss Jessie Blair, J. E. Nicholson and E. D. Bosserman were named members of the public library board for a term of three years each.

The following resolutions were adopted:

Authorizing the lighting committee to ascertain the cost of a municipal lighting plant for Sedalia.

For curbing on South Washington avenue.

For curbing on South Prospect avenue.

Declaring it to be necessary to curb both sides of Grand avenue, between Main and Henry streets.

For grading and paving Prospect avenue, between Third and Cooper streets.

For curbing on Second street, be-

tween Osage and Kentucky avenues.

For grading and paving Monticau avenue, between Broadway and Seventeenth streets.

For grading and paving Third street, between Osage and Park avenues.

For sidewalks on Sixth and Seventh streets, between New York avenue and Arlington Heights.

For sidewalks on Cooper street, between Grand and Prospect avenues.

The following ordinances were passed:

For curbing on Grand avenue, between Main street and the city limits.

Condemning sidewalks on Second street, between Osage and Kentucky avenues.

For grading and paving the alley between Fifth and Sixth streets and Washington and Massachusetts avenues.

For curbing the north side of Third street, near Mill avenue.

For curbing on Third street, west of Engineer avenue.

For numerous other sidewalks in various parts of town.

Awarding to G. T. Menefee the contract for sidewalks on West Second street.

An ordinance fixing the tax levy for this year was passed, as follows: Current expenses, 50 cents on \$100 valuation; sinking fund, 20 cents; bonded indebtedness, 20 cents; public library, 10 cents.

Council adjourned at midnight.

### VETO OF THE TARIFF BILL

Is Predicted if the Aldrich "Idea" Prevails.

Washington, June 8.—President Taft will veto the kind of tariff bill Senator Aldrich is making. Unless very important reductions are made when the measure reaches conference the chief executive will send the bill back to the congress without his approval.

President Taft will not be directly responsible for an authorized statement, but he has expressed himself so clearly and forcibly to a few friends that there need be no doubt as to his attitude.

### WHILE PLAYING HYMN

"Nearer My God to Thee," Aged Musician Dropped Dead.

Detroit, Mich., June 8.—Terribly pathetic was the death of Frank F. Webster, an old musician, here.

Calling at the home of Peter Ucas on Mt. Elliott avenue, Webster sat down to the piano and played with much pathos the opening bars of his favorite hymn, "Nearer My God to Thee."

Suddenly he dropped his hand to his heart and, with a cry of pain, fell to the floor. He was picked up dead.

### KETCHELL-O'BRIEN FIGHT

Six-Round Bout in Philadelphia Tomorrow Night.

New York, June 8.—A large number of metropolitan followers of the fighting game made arrangements to journey down to Philadelphia tomorrow to witness the six-round bout between

Jack O'Brien, who recently fought a draw with Jack Johnson, and Stahley Ketchell, the western wonder.

Ketchell and O'Brien met not long ago at New York in a ten-round bout. While Ketchell was at the long end at the finish, O'Brien put up such a game fight and made such a grand showing that he at once established himself a popular favorite with the boxing fans.

For the first six rounds of that bout O'Brien was the winner. It was only in the latter rounds that Ketchell was able to gain the advantage. The bout was conceded to be one of the fastest and hardest seen for a long time.

O'Brien was not satisfied with the outcome, and has been anxious ever since for a chance to meet Ketchell again.

### THE BOYS IN GRAY MEET

UNITED CONFEDERATE VETERANS ARE IN SESSION AT MEMPHIS, TENN.

### THE MEETING WILL LAST THREE DAYS

An Elaborate Program of Entertainments Has Been Provided—Musical Festival by Confederate Chorus.

Memphis, Tenn., June 8.—Quaveringly voicing the cheers with which they went into battle, the remnants of the Confederacy charged down upon Memphis today and made a peaceful conquest of the city.

For the next three days, during the annual session of the United Confederate Veterans and affiliated organizations, the old "boys" in gray will be the honored guests of the city.

An elaborate program of entertainments has been arranged in their honor, including a music festival by the United Confederate Chorus, an organization promoted by Col. William H. Stewart, of Portsmouth, Va.

This society of the sweet singers of the south has already spread throughout Dixie, and its rendition of the old songs will be one of the great features of the reunion.

Col. Stewart is the author of "The Spirit of the South," a publication that was placed on the market about six years ago, and met with splendid success.

His idea in organizing the United Confederate Chorus was purely for the purpose of bringing to life many old songs sung around the camp fires during the trying times from 1861 to 1865.

The federation is on a military basis, simply to give effectual training to its members. The uniform is intended to designate the members on duty and the titles, with the little gray jackets, are to recall the historic days of the splendid warriors of the south.

### A NEW RACING CIRCUIT

Twenty Weeks of It, With Purses of \$150,000.

Baltimore, June 8.—Gentlemen's Driving park is the scene today of the introductory meet of the great new Ohio, West Virginia, Pennsylvania and Maryland half-mile ring circuit.

The purses at the Gentlemen's Driving park will aggregate about 8,000, and has drawn a large class of horses and insured racing of a quality never seen there before, notwithstanding the high standard this track has always maintained.

There will be twenty weeks of racing on the Ohio, West Virginia, Pennsylvania and Maryland routes.

The purses and stakes will foot up \$150,000, and the racing promises to surpass anything ever seen on two-lap rings.

### Former Sedalian Named Again.

Jefferson City, Mo., June 8.—Governor Hadley yesterday appointed John R. Ferguson, of Springfield, and W. E. Henry, a former Sedalian, but now of Kansas City, members of the board of managers of the Federal Home for Soldiers at St. James. Both are present members of the board. Each is to hold for a term of four years from February 9, 1909.

## AWFUL RASH ALL OVER BOY'S BODY

Weeping Eczema Kept Spreading on Little Sufferer—A Score of Treatments Prove Dismal Failures—Grateful Father Tells of

### CURE ACHIEVED BY CUTICURA REMEDIES

"It gives me great pleasure to express my deep gratitude in appreciation of the inestimable benefit that the Cuticura Soap, Ointment, and Resolvent did for my little boy. He had an awful rash all over his body and the doctor said it was eczema. It was terrible and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Resolvent, and before we had used half the Resolvent, the rash was entirely well. When people see him now they ask, 'What did you get to cure your baby?' and all we can say is, 'It was the Cuticura Remedies.' It was the Cuticura Remedies that have firm and warm friends. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., September 26 and November 4, 1907."

## "SITTING" IN LAST GAME

PAT SHEEDY, THE GAMBLER, IS PLAYING DEATH FOR TABLE STAKES

### UNIQUE FIGURE IN THE WORLD OF CHANCE

Most Valued Possession Has Always Been His Word—Figured in the Return of Famous Gains—brought Hat Years Ago.

New York, June 8.—Pat Sheedy, once the monarch of gamblers, known all over the world, is sitting in his last game. He is playing Death for table stakes. The game is being played in the darkened sick room of his New York home, and fatty degeneration of the heart seems to be the hand with which Death will break the old gambler.

Sheedy has been a unique figure in the world of chance. His most valuable possession during the 60 years of his life has been his word. That is practically all that is left of his once vast fortune, although were he to recover he would not be dependent upon others.

He is known over the world as a "square" gambler, although he modestly disclaims any credit for being such. He only cynically shakes his head and will only claim that he never cheated himself; of others he isn't sure. But one thing is certain, as he himself says: his place was never raided, he was never arrested, and no "piker" ever squeaked for the return of his money from Pat Sheedy.

Two young St. Louisans, scions of rich families, have been mixed up with Sheedy. He made a trip all the way from Cairo, Egypt, where he was running a gambling house, to collect \$3,500 from an "American gentleman who gave him word," to use his own phrase. He collected the money, with all expenses of his trip.

Sheedy once entered suit against a St. Louisan for \$20,000 on a claim which he said he had purchased. The suit subsequently was withdrawn, but it was never known whether it was settled or not. He would never tell even his most intimate friends, although those who know him best know it was not his style to let a big sum of money like that drop for want of action.

One of the famous incidents in the life of Sheedy was his connection with the stolen "Duchess of Gainsborough," the famous picture. The picture was bought by J. Pierpont Morgan after its return from twenty-five years of hiding and years of darkness in a warehouse.

The painting was stolen from an art gallery in London by a man named Adam Worth. He offered to return the picture through Sheedy, who gave him his word that there would be no prosecution and that the reward would be paid.

Although the transaction put Sheedy in no enviable light, there were none but realized he was the unwilling agent of a thief. The reward of \$30,000 was given to Sheedy, who turned it over to the man who had the picture, and the picture was returned.

Sheedy is a connoisseur in art, and has been in St. Louis several times trying to dispose of several pictures of fame. He has had in his possession a Ziem, and Murillo's "Magdalen," which he valued at \$50,000, and several other famous works.

A characteristic trait of Sheedy has

been that he never bet a dollar on a race track or mixed with bucket shops or their aristocratic brothers, the stock market. He would frequently bet money for other people on race horses, but said the game was too strong for him. He wanted to know where Sheedy was coming out of the game, and how, he said.

The stock market was a sure thing proposition to Sheedy, and he would have none of it. He often said he would rather be a good salesman than the famous gambler that he was.

"If I had put the same energy into any other business I have into this," said Sheedy. "I would be as well known in business circles as I am as a gambler. People would point out and be glad to know me. Now, desirable people shun me because I am what I am. It doesn't pay."

## MYSTERIOUS POISON USED

By Youth After Quarrel With His Girl, Made Him Crazy.

Hartford, Conn., June 8.—Following a quarrel last night with his fiancée, Miss Clara Bloomingdale, who lives in this city, Henry Villetto, 29 years old, a youth of Meriden, drank some mysterious poison which physicians have been unable to identify and which made him a raving maniac.

While in his death throes he smashed every particle of furniture in the room and expired at the girl's feet, frothing at the mouth. The girl became hysterical, and it was feared for a time that she would lose her reason, but she recovered later.

## TOTS HANGED PLAYMATE

They Played Moving Pictures at Atlanta, Georgia.

Atlanta, Ga., June 8.—Playing at moving pictures yesterday afternoon, five smaller boys hanged one of their number, and two physicians worked an hour to resuscitate him after he was cut down.

The boys were playing in the rear of the Williams home on Spring street. They were depicting the career of a cattle rustler, and James Williams, aged 8, was the rustler.

As a finale young Williams was strung to a limb of a tree. The other boys then went away and left the little fellow hanging.

Fifteen minutes later the boys' mother looked into the back yard and saw the boy suspended. She gave the alarm and he was cut down, seemingly dead. Physicians were summoned, and by hard work, saved the child's life.

## HER FAITH RESTORED VOICE

Girl Thought She Was Getting Electric Treatment.

New York, June 8.—At a recent meeting of the County Medical society, in Philadelphia, says The Medical Times, in its publication today, Dr. Desjouis related how a man brought his daughter to him for treatment.

"I tried the battery on her," said the physician, "and her voice returned perfectly in a short time. The father was in such glee that he hugged me. When they had gone, I happened to look at the battery and observed that the current had not been turned on."

The first application of Manzan, the great Pile remedy, will almost instantly give relief. Continued use of Manzan for a few days will effect a cure. The tube in which it is put up has a small nozzle attached, so that there is no inconvenience whatever. Manzan is for the cure of any kind of Piles. It is sold here by W. E. Bard Drug Co.

## Woman's Tonic

When you're tired and nervous, worn out and weak, you need a good tonic. You need a strength-giving, invigorating medicine. Naturally, you want something of known merit—a standard preparation.

Try Cardui, the popular medicine for women. This preparation has been successfully used, by thousands of women, for more than half a century. Letters come to us daily, telling of the benefit and relief Cardui has given. These letters recommend Cardui for headache, dizziness, fainting, pains in the side or limbs, and for all those troubles from which only women suffer.

Note this letter from Mrs. R. C. Berry, 124 N. Bonke St., Kansas City, Kans. She writes: "I am more than pleased with the results obtained from Cardui. I have taken 5 bottles and am in much better health than ever before. I was troubled with female disorders and suffered so much that I could not be left alone. I found relief in Cardui and keep it in the house all the time."

Cardui is a purely vegetable preparation, scientifically prepared and consisting only of harmless ingredients. It's a safe, reliable medicine. Try Cardui. It's the tonic you need. For sale at all druggists.

## GIVES HIS ALL TO DAUGHTER

Tries to Keep Victim's Mother from Seizing Fortune.

Columbus, Miss., June 8.—Estelle Smith, the central figure in the recent trial of her father, C. R. Smith, sentenced to life in the penitentiary for killing E. A. Laurence, her accused betrayer, has been notified through her father's attorneys that every dollar her father possessed and every acre of Mississippi land, and every foot of valuable real estate in Memphis and other southern cities owned by him has been deeded to her.

Civil suit against Smith, who is in jail pending an appeal before the supreme court, is said to have caused the old man's act in an effort to prevent seizure of his fortune by the mother of the man he killed, suit having just been instituted for \$50,000 damages, alleging "loss of everything" through the death of her son.

## OLDEST CIVIL WAR VETERAN

Is Either 104 or 108 Years Old and Fought With Sheridan.

Middletown, N. Y., June 8.—A physician employed by the pension department has just given a special home examination to Mieczaj Wise, of Beaver Brook, Sullivan county, whom the records of the department show to be 104 years old, but who is claimed by the man's family to be 108.

Wise is believed to be the oldest Civil war veteran in the United States, and his friends think he will see several more years. Wise was a member of "Fighting Phil" Sheridan's cavalry. He took part in the fight in Shenandoah valley which resulted in the destruction of Early's army.

## An Easy and Harmless Way to Darken the Hair

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 Cortlandt Street, New York City, put up an ideal preparation of this kind called

## Field Mice Work Havoc.

Certain parts of Lanarkshire, Scotland, are at present suffering from a plague of voles or field mice, which have effected much havoc amongst vegetation. Many young trees in plantations have been destroyed, and various kinds of flower plants have suffered considerably. It is thought that mild winters may partly account for these plagues of voles. The last serious visitation was about seventeen years ago, when great damage was done on the farms in the south of Scotland, and a royal commission was appointed to investigate the matter. It is believed that the main reason of the trouble lies in the fact that the balance of nature has been upset by the destruction of owls, hawks, weasels and stoats, which are the natural enemies of the voles.

## Roofs' Hatred of Crows.

A curious incident in the recent history of the Gray's Inn settlement of rooks is mentioned by a London correspondent.

It appears that a couple of carrion crows settled in the gardens and one day it was discovered that the rookery was deserted. The benchers, who are particularly proud of their rooks, gave orders for the carrion crows to be destroyed and the gardener prepared pigeons' eggs with good doses of arsenic. The crows swallowed them and seemed to grow fatter and healthier. At last strychnine was used and the pair was seen picking at the egg. One of them fell as it flew up to the nest; the other reached the branch, reeled and dropped.

Then a curious thing happened. Not a rook had been seen for weeks at Gray's Inn, but the next day they were all back as though advised by telegram.—Manchester Guardian.

## Faithful Unto Death.

A pathetic story of heroic devotion to duty comes from Montreuil-sur-Mer, France. M. Lepercq, who was in charge of the lighthouse at Alpeck, near Bologna, was recently taken ill with influenza and had to go to bed. One evening his substitute came to M. Lepercq and explained that he was unable to light the lamp, and in view of the grave consequences that the absence of the light might entail, the sick man rose from his bed, and in spite of the snow and wind, made his way to the lighthouse, where after considerable effort he was able to light the lamp. He returned home, but died two days later of cerebral congestion, the result of exposure to the inclement weather. The humble hero would have been entitled to his pension in five years.

## STATE FACTORY INSPECTOR

Both Claimants to File Briefs With Supreme Court.

Jefferson City, Mo., June 8.—The return of Watt Williams, whom Gov. Hadley appointed factory inspector for a four-year term, beginning June 1, to succeed Jesse W. Sikes, which was to have been filed yesterday in the Missouri state supreme court in reply to Sikes' application for a writ of ouster, Sikes claiming that he is still rightfully possessed of the office, and refusing to surrender it to Williams because the latter's appointment was not confirmed by the senate, was not filed.

An agreement has been reached, it is said, by which briefs are to be filed in the case by both sides, these to be deposited with the clerk of the court tomorrow, and that no oral arguments are to be heard by the court in the dispute.

It is hardly likely that the court will determine the matter until just before its adjournment for the summer, which will be about the middle of July.

## FORMER WAS 'KIDNAPED' FROM HIS WIFE

At Least This Was the Story Told, But Investigation Revealed That He Had Gone Away With Old Sweetheart.

Inez, Ky., June 8.—With the woman who had "kidnaped" him from his wife's side on the night of June 1, Jasper Crum, a well known farmer, was taken into the mountains by his brother and a posse which had been searching for him, and the pair stripped to the waist and soundly switched.

The woman is Miss Lizzie Moore, daughter of a prominent family of Toss Creek, West Virginia, a sweetheart of Crum's before his marriage. The pair had recently been corresponding and had planned the elopement.

The girl knocked at Crum's door after midnight and kept up the appearance of a kidnapping by putting a revolver to Crum's head and compelling him to follow her.

A posse took up the search and after five days found the pair living together at a mining camp in West Virginia.

After the whipping the woman was turned loose, but Crum was brought back to face an irate wife, who hardly was able to recognize her husband after his experience with the posse.

Various phases of nearly all diseases which flesh is heir to will be considered in the learned papers and addresses which make up the program of the convention.

## DIDN'T DOFF HAT; FINED \$10

Carrier Pleaded Duty in Court. But Judge Was Obdurate.

St. Joseph, Mo., June 8.—In compliance to an order received from the postoffice department at Washington, postal employees must obey the state and city laws. John I. Johnson, a mail carrier, yesterday paid in the circuit court a fine of \$10 assessed by Judge Easton for failing to remove his hat when he entered the court room last week to deliver some letters.

When requested to remove his hat, Johnson's reply was: "Why, judge, I am on duty," and on refusal to comply he was immediately fined for contempt.

Gas from the Eucalyptus.  
An illuminant known as "gum gas" can be produced from the eucalyptus leaves and is said to give a bright light. An authority has estimated that 10,000 feet of gas can be obtained from a ton of leaves. The eucalyptus bark is said to contain a fiber suitable for paper, also tanning. Eucalyptus flowers are said to contain a nectar especially good for bee food, though the flavor of honey from eucalyptus is somewhat peculiar and might not please every taste.

## IT WAS ONLY "GYPSY MONEY"

Said the Robbers, and Burned Up \$4,000 of Good Cash.

Ardmore, Pa., June 8.—Terence Connolly, 18 years old, who was arrested in New York and brought here on a charge of complicity in the stealing of \$10,000 from Mrs. Rhoda Lovell six weeks ago, tells a remarkable tale of the burning of \$4,000 of the money because it was thought to be "Gypsy money."

Shortly after the aged Gypsy woman was robbed, Sam Lewis, colored, was arrested. About \$6,000 of the money was recovered and Lewis went to the penitentiary. Connolly, who is white, disappeared and was supposed to have the other \$4,000.

## S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

# A MONEY-MAKING OPPORTUNITY

Not everybody can go into business for themselves. Lack of capital and absence of special training stand as unsurmountable barriers to many men and women who desire to make something besides the wages they earn with their hands. Today there are many of these who have invested their savings in stock securities and are receiving nice dividends on the investment made. That's the way to make money earn more than the ordinary small per cent paid by the banks for deposits or received from rentals in real estate investments. The whole problem in these matters is to get the right kind of stocks and **GET IN ON THE GROUND FLOOR.** It's those who purchase when an enterprise is started and get the stock at less than par and who afterwards draw dividends on the par value that receive the big returns for money invested. The trouble is to find one of these enterprises and then to get in with those who get the first chance.

## HERE IS SOMETHING THAT EMBODIES THESE REQUISITES

The stock of the Bonner Springs Resort Company has just been placed on the market—it's a safe, sure and profitable investment, and the offer to original buyers now will insure those purchasing stock returns of from 30 to 45 per cent on actual money invested.

The company has purchased the beautiful park on which are the many medicinal springs from which the town takes its name.

These waters, by comparative analysis, have proven far superior to any found in the middle west, and the many people drinking them has created a demand for accommodations on a large scale, consequently a large resort hotel is being built, which it is the intention to open about the first of September.

A bath house unexcelled in equipment is to be built, and the company has planned the construction of a large sanitarium and hospital for scientific treatments and difficult surgery as well as the nursing back to health of invalids.

These are all planned on a conservative basis and a great many people have already become interested. Among them are men who are noted for their excellent judgment and business ability.

THE COMPANY'S HOTEL IN COURSE OF CONSTRUCTION AT BONNER SPRINGS.

This hotel will be managed by Mr. George H. Lawrence, formerly of the Hamilton, of Wichita, the Copeland hotel, of Topeka, and the Huckins, of Sedalia, who has operated some of the finest hotels in the United States, and has had twenty-three years' experience, thereby assuring his many friends that they will be cared for even better than at any time in the past.

The combination of the many lines of business under one corporate management is somewhat unusual, but coupled with the present demand and the systematic management of an expert in charge of each line assures absolute success. We will have the following lines:

- 1 Hotel business.
- 2 Bath house.
- 3 Sanitarium and hospital.
- 4 Amusements.
- 5 Bottling works.
- 6 Electric lighting.
- 7 Refreshments.
- 8 Boating and bathing.
- 9 Rental of summer cottages.

### THE OFFICERS OF THE CORPORATION ARE MEN OF PROMINENCE.

The officers and directors are composed principally of men who have spent years at the head of a large corporation or business, consequently they are competent to handle this large undertaking in a business-like manner.

The directors are:

W. H. Winants, Banker, Kansas City.	Wm. P. Borland, Congressman Fifth District Missouri.
C. J. Schmelzer, Schmelzer Arms Co., Kansas City.	F. W. Warner, Banker, Bonner Springs.
B. P. Pigg, Secretary, Kansas City.	Cliff Langsdale, City Attorney, Kansas City, Mo.
J. E. McDaniel, General Manager.	E. E. Richardson, Secretary-Treasurer Stock Yards Co., Kansas City.
A. M. Cook, Salesman, Kansas City.	F. D. Pelletier, President Pelletier Building Co., Kansas City.
J. W. McDaniel, Capitalist, Bonner Springs.	

### VAST POPULATION TO DRAW FROM.

Within a radius of a hundred miles of Bonner Springs there are more than two millions of people. Within a night's ride lie Kansas, Missouri, Oklahoma, Arkansas, Iowa, Illinois, and parts of Nebraska, Texas, South Dakota and Minnesota. Fifteen millions of people within a fifteen hours' ride. Think of it! One-sixth of the population of the United States! No other watering place west of the Alleghenies can claim this.

Controlling as it does every mineral spring in the vicinity, with beautiful grounds, with a monopoly

of the hotel and bath house privileges, sanitarium and all other revenue producing enterprises found in all health resorts, Bonner Springs will pay big money to those who take advantage of the opportunity presented to them and get hold of this stock.

Nothing of this sort has ever before been offered to the public at large, and usually only a chosen few have been admitted to the "ground floor."

The par value of shares are \$10 each. The capital stock is \$500,000. A block of this stock has been set aside to be sold at \$3.50 per share and a portion of this block is offered to readers of this paper at the price mentioned, \$3.50 for \$10.

With the stock goes a contract that the owner can exchange same at par value for accommodations at the hotel at any time, or that the stockholders of record can obtain a discount of 10 per cent on hotel and bath accommodations as long as they own the stock.

A conservative estimate by experts in resort enterprises place the earnings of the company at not less than 15 per cent on the capital stock, so that purchasers at \$3.50 per share will receive nearly 45 per cent on the money they invest. Information and figures gladly given.

The meeting celebrates the half-century mark of organized undenominational Sunday school work in the state. Great plans have been made, and the best platform men procurable are in line for the occasion.

A thousand delegates and four thousand visitors are here. Tomorrow there will be a teachers' training demonstration and an adult class parade.

Another feature is a religious canvass of the city today, the plan being to visit every house in the city within an hour and a half.

The semi-centennial features will make this the greatest state's convention in the country.

The Presbyterian Brotherhood. Portland, Ore., June 8.—What promises to be one of the greatest religious meetings ever held in the Pacific Northwest was opened today by the Presbyterian Brotherhood, and will extend through tomorrow.

Among those who will speak is

Charles S. Holt, of Chicago, president of the National Brotherhood. Mr. Holt is a leading attorney of Chicago and is a very strong man of affairs.

Rev. Ir J. Landrith, D. D., LL. D., is the national secretary of the Brotherhood and is well known as a platform orator of remarkable power. Dr. Landrith has many friends in Oregon. Henry E. Rosvear, esq., of Chicago, the associate secretary of the National Brotherhood, will also conduct a practical conference on Brotherhood methods and work.

Besides these men, J. Ernest McAffee, of New York City, will represent the board of Home Missions.

## A COUNTERFEIT \$10 NOTE

Secret Service Men Trying to Trace Its Origin.

Washington, June 8.—A deceptive counterfeit \$10 national bank note, bearing the portrait of William McKinley, has been discovered, and the secret service is endeavoring to trace its origin. The counterfeit is viewed by the officials as one designed with great cleverness.

The note is on the Citizens' Central National bank of New York city,

of the series of 1902, and apparently is printed from lithograph plates on two pieces of paper between which silk threads have been distributed.

The numbering is poor, the figures being irregular in size and alignment; but the pink seal is excellent, both as to color and workmanship.

## Not Sisters

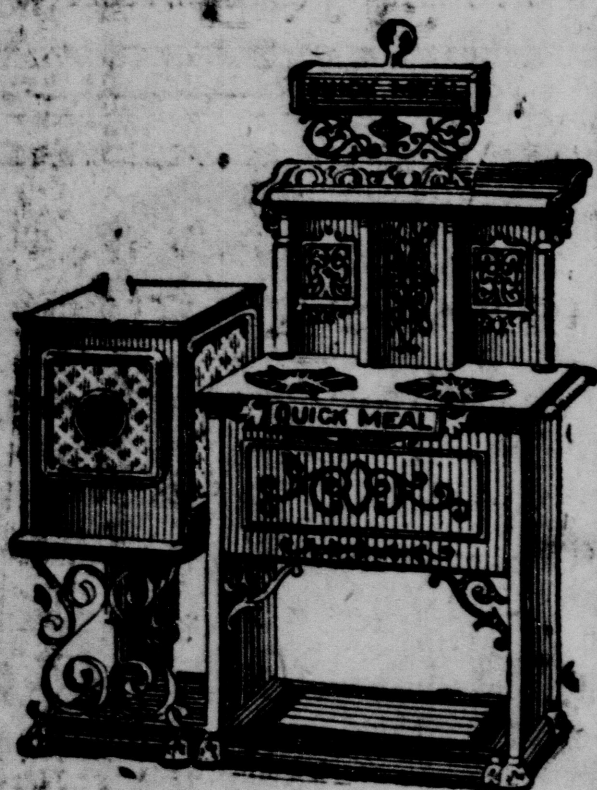

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.
